

ETCHED STAINLESS STEEL DIPPING TAPES

- 13mm wide etched stainless steel blade
- Stainless steel grade 4021 (Martensitic type)
- Metric patterns are single sided, graduated in millimetres and figured in centimetres
- Metric/English patterns are two sided, graduated in mm on one side and in feet, inches and 1/16ths on the reverse
- Flat-bottomed stainless steel weight connects directly to the tape with a grub screw
- 700g weights X-01 and X-02 can be supplied in place of

weights I-01 and I-02 to special order

- Tape/Weight combination conforms to EC Class II standard of accuracy.
- Also available to special order:-
 - Nickel plated brass frame winders
 - Stainless steel dip weight U, connected to tape by stainless steel bell-shaped locking swivel hook
- Please note that all dipping tape part numbers have been simplified and all are prefixed by "FR-D"

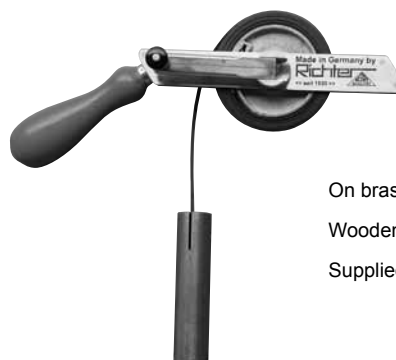

LIGHTWEIGHT ALUMINIUM FRAME C/W STAINLESS STEEL WEIGHT

On aluminium frame winder
High impact plastic handle
Supplied complete with stainless steel weight I-01

Part Number	Price	Length
FR-D-464-ES-10	127.49	10m
FR-D-464-ES-15	131.99	15m
FR-D-464-ES-20	143.99	20m
FR-D-464-ES-25	157.49	25m
FR-D-464-ES-30	168.00	30m
FR-D-464-ES-50	209.99	50m

BRASS FRAME WITHOUT WEIGHT

On brass frame winder
Wooden handle
Supplied without weight I

Part Number	Price	Length
FR-D-464-MS-10	88.11	10m
FR-D-464-MS-15	101.97	15m
FR-D-464-MS-20	115.70	20m
