Packaging	9¾"	10"	20"	30"	40"
	1 at 0.5kg	1 at 0.5kg	1 at 1kg	1 at 1.5kg	1 at 2kg

Features & Information

- Available in a cylindrical stainless steel configuration, using no resin or glue based binders, this reusable cartridge offers the perfect choice for high temperature applications
- Offered in 5 to 800 micron with double open ended (AA) end caps
- The stainless steel construction of the EYS is suited to applications where aggressive solutions rule out less robust filter media
