	50 at 8kg	50 at 15kg

Features & Information

- The WRAS approved and BS6920 compliant premium bag range contains no metal components, meaning premier bags can be recycled or disposed of simply by incineration
- Felt bags have a durable welded seam and neck, eliminating fibrous edges and loose fibres migrating downstream
- Flanged neck rings have polypropylene handles to aid bag removal
- Recommended for use across the range of Inox stainless steel bag housings
- Available in bag sizes: 1 and 2
