Packaging	SBH size 1	SBH size 2	PBH size 1	PBH size 2
	1 at 19kg	1 at 26kg	1 at 29kg	1 at 35kg

## Features & Information

- PED compliant and DWI approved SBH housings come with v-band clamp closure or a swing-bolt closure on the PBH housing
- Includes 1/8" perforated stainless steel basket which supports the bag filter
- Comes complete with legs which bolt to the floor for stability and security, allowing height adjustment of the vessel
- Size 2 housings are capable of flows up to 600 lpm
- Housings are manufactured with 1/4" NPT vent port and 1/2" NPT drain port
- Where gauges are required these housings are prepared with two side mounted 1/4" NPT gauge ports
- Accepts SPECTRUM Economic, Standard and Premier bags
- Buna-N seal as standard

SPECTRUM PBH housings benefit from quick simple swing bolt closures

Support basket holds bag securely in place
